Why the switch?

Using this service will make the bidding process easier for us and our suppliers. The Public Purchase

eProcurement System was designed exclusively for use by Government Agencies and their Vendors.

Benefits to Us

This eProcurement system is compliant with all Federal and State regulations, which determine the required procedures for Government Agency purchasing practices. This service will also create an up to date vendor database, which will be hosted on Public Purchase's servers and will allow suppliers to easily update and change their information as needed.

What benefits to You?

This eProcurement system will create a single location in which to view open Requests for Bids and award information for previous RFB's issued through the Public Purchase website. This system will also provide you with automatic notification and transmittal of bid solicitations to vendors. In addition, Public Purchase gives you access to bid opportunities with other government entities. *All of this is provided at no charge to you.*

If you need any assistance with this process please contact Public Purchase at support@publicpurchase.com. Or use their Live Chat during business hours. It can be found in the upper left corner of the web site.

Thank you for participating in Lee's Summit R-7 School District new registration process.
