GENERAL INVITATION TO BID INSTRUCTIONS

1. These General Terms, Conditions and Instructions apply to all proposals made to Lee's Summit R-VII School District (herein after referred to as "District") by each prospective vendor (herein after referred to as "Bidder") in response to District solicitations including, but not limited to, Invitations to Bids, Requests for Proposals and Requests for Quotes. As such, the words "Bid" and "Proposal" are used inter-changeably in reference to any and all offers submitted by prospective vendors.
2. **Late Bids will not be accepted or considered.** It is the responsibility of the bidder to ensure that the bid arrives at the District's Purchasing and Distribution Services Department prior to the time indicated in the "Invitation to Bid". Telephone quotes will not be accepted when competitive sealed bids are solicited. In addition, bids sent by electronic devices are not acceptable and will be rejected upon receipt. Proposing firms will be expected to allow adequate time for delivery of their bids either by airfreight, postal service, or other means. Late bids will be time and date stamped late and may be returned to the bidder.
3. Specifications are provided to identify the product required and to establish an acceptable quality level. Bids on products of equal quality and usability will normally be considered unless otherwise stated. Brochures and/or specifications must be submitted where applicable. Samples of item or items, when required, must be furnished free of expense to the District, and if not destroyed by tests, may upon request made at the time the sample is furnished, be returned at the Bidder's expense. Failure to furnish brochures, specifications, and/or samples as requested may be sufficient cause for rejection of Bids. Materials and/or services are to be supplied as specified. The District shall be the sole judge in determining "equals" in regard to quality, price, and performance.
4. The District reserves the right to reject any or all bids and to waive informalities and minor irregularities in bids received, and to accept any or all portions of a bid if deemed to be in the best interest of the District. The Invitation to Bid implies no obligation on the part of the District, and the District's silence does not imply any acceptance or rejection of any bid or quotation offer. The District reserves the right to select a bid with higher prices than the lowest of all prices received, if, in the opinion of the District, its interests will be best served by such bid.
